

Veterans may be eligible for services at the Earle Baum Center of the Blind – Santa Rosa CA.

Eligible Veterans enrolled in VA health care may be referred to the Earle Baum Center's Low Vision Clinic.

If you believe that you are an eligible Veteran but are not enrolled, please call the Veterans Administration at 1-877-222-838, Monday through Friday between 8 a.m. and 8 p.m. ET.

More information on VA health care can be found [here](#). Veterans need their social security numbers, discharge paperwork, and current income information to enroll with a VA health care system.

Veterans need to have served for at least 24 months and to have received an honorable discharge.

Your VA vision care specialist may submit a referral for low vision services to the Earle Baum Center based on a recent eye exam and if you qualify for community care.
